

BUILDING COSTS INDEX (ICCE) MAY 2007

Building costs in the Autonomous Community of the Basque Country increased by 0.4% in May 2007

Over the last twelve months (May 2007 in comparison with May 2006) building costs have registered a 5.8% increase.

The Building Costs Index registered a 0.4% increase in the Autonomous Community of the Basque Country in May 2007 with respect to the previous month, as a consequence of which the annual carryover rate for that month reaches 5.8%, according to data facilitated by EUSTAT, the Basque Statistics Office. The Building subsector grew 0.5% and the Civil Works subsector grew 0.3% in May, thus placing the annual carryover rate at 6.0% for Building and 4.7% for Civil Works.

Annual carryover rates, 1997-2007
