Source: Eustat. Construction Index of the Basque Country (ICC)

The drop in the Construction sector, in the fourth quarter of 2011, was mainly due to the negative performance of the Civil Works sub-sector, which registered a year-on-year downturn of 14.4%, and the Building sub-sector, which was down 12.6%. For the year as a whole, Building fell by 11.2% and Civil Works registered an 8.7% downturn.

In quarter-on-quarter terms, if the activity of the sector in the fourth quarter of 2011 is compared to the previous quarter, both the Building and Civil Works sub-sectors posted negative growth of 5.3%.

Employment in the Construction sector registered a downturn of 3.7% compared to the third quarter of 2011 and was down by 10.1% with respect to the same quarter of the previous year.
