

Average employment in Basque Administrations in 2017 stood at 131,885 people, 1.7% more than the previous year

The prevalence of women in the Basque Administrations has become increasingly noticeable, with this group now accounting for 62.6% of the total

Basque Public Administrations (not taking into account people working for the State Administration and the Social Security System) had an average of 131,885 workers in 2017, 1.7% more than the previous year, according to data prepared by EUSTAT.

Of these 131,885 Basque Administration employees, 65.2% worked for the Administration of the Autonomous Community, 19.4% worked for Local Entities, 8.1% worked for Provincial Councils, and the remaining 7.2% were employed by the University, foundations and other public entities. This employment distribution amongst the different Basque entities has remained virtually unchanged over the years.

Employees in Basque Public Administrations by type of entity

	2011		2015		2016		2017		2017/2016 (%)	2017/2011 (%)
