

**SURVEY ON TOURIST ESTABLISHMENTS. Except hotels. May 2021**

## Visitor numbers were down 26.7% in rural accommodation in the Basque Country in May 2021 in relation to April and dropped 1.9% in tourist apartments

**19.5% of rural accommodation and 15.9% of tourist apartments remained closed throughout the whole May**

In May 2021, there were a total of 4,604 visitors and 11,227 overnight stays in **rural accommodation** in the Basque Country, representing increases in respect of April 2021 of 26.7% and 43.9%, respectively, according to Eustat data. When interpreting these variations it should be taken into account that data for April includes the whole Easter week.

Movement restrictions have been variable after the state of emergency was decreed on 14 March 2020 to combat the COVID-19 pandemic. As accommodation activity was reduced to healthcare and other essential staff in May 2020, most series were not published due to statistical secrecy safeguards and statistical quality criteria, meaning that no year-on-year comparisons can be drawn with May 2020. As a result, comparisons are made with April 2021.
