

PRIVATE EDUCATION EXPENDITURE AND FINANCING STATISTICS 2021

## Total expenditure by private education centres in the Basque Country rose to 1,223 million euros in 2021

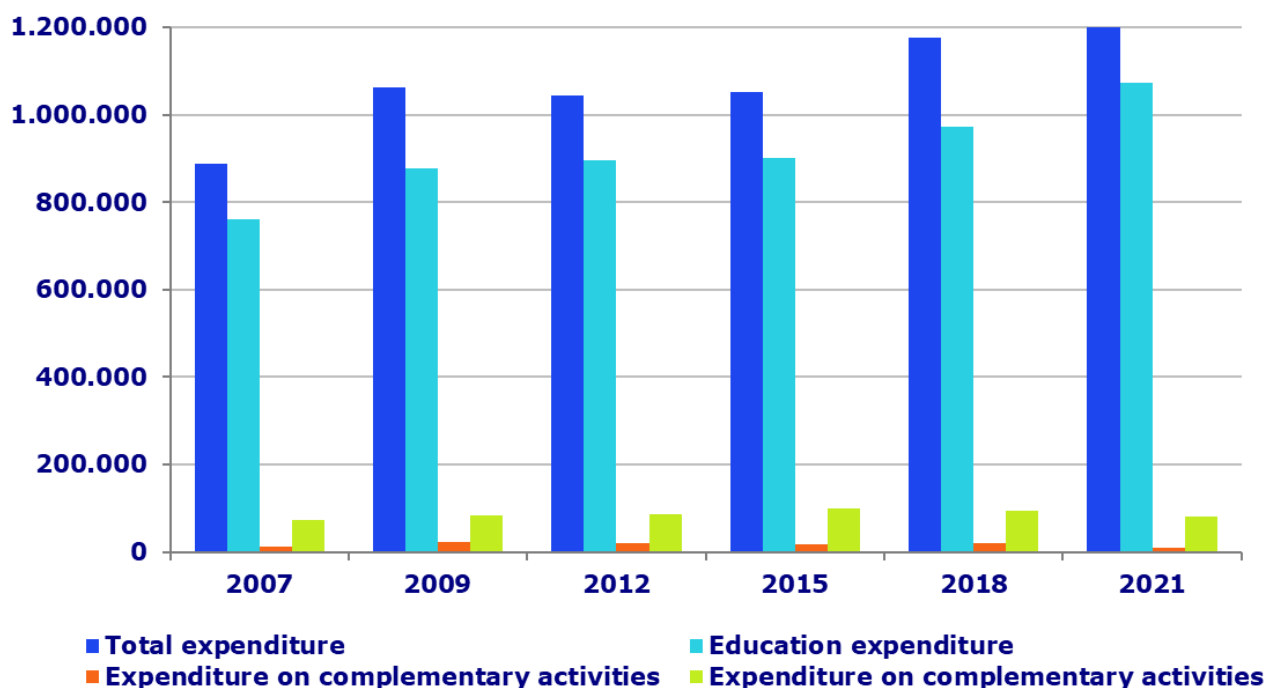

***Private education centres catered to around 214,000 students and employed almost 21,500 people***

The total expenditure of the 469 centres that belonged to the private education network in 2021 stood at 1,223 million euros, up 4.04% on 2018, according to Eustat data. Private education centres catered to around 214,000 students and employed almost 21,500 people, 69% of whom were women.

The majority of the sector's total expenditure was concentrated on pre-university level centres (84%), while higher education centres represented 14% and those dedicated to arts education accounted for the remaining 2%.

In 2021, current expenditure rose to 1,164 million euros, increasing by 7% between 2018 and 2021. The majority of current expenditure (77%) went on staff. Of particular note was the decrease in respect of 2018 in expenditure on both additional activities (-52%) and additional services (-15%). This was due to the drop in the number of students who used these services in recent years, caused by the pandemic.
