

ADVANCE QUARTERLY ECONOMIC ACCOUNTS (ACET). IV/2024

The GDP of the Basque Country increased by 2.1% overall in 2024

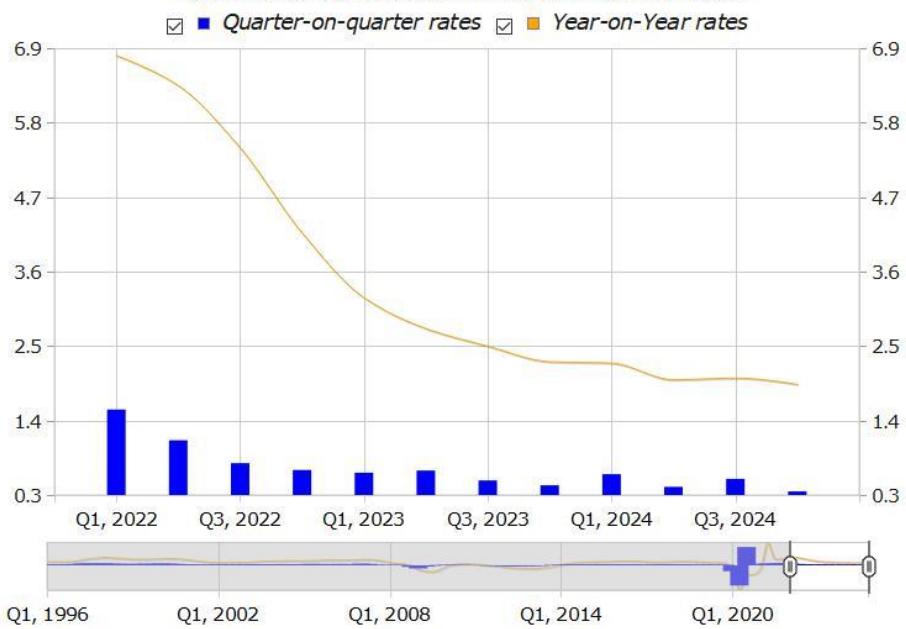

During the year the number of jobs rose by 1.8%

The Gross Domestic Product (GDP) of the Basque Country rose by 2.1% during 2024 in relation to 2023, according to estimates for the Advance Quarterly Accounts made by Eustat. Employment, measured as full-time equivalent jobs, increased by 1.8% during the year, which meant the creation of more than 17,000 jobs.

An analysis of the relevant economic information available at the time this Advance was prepared reveals that value added grew in all economic sectors in 2024, although at a slower rate than during the previous year, with the exception of the Trade, Hospitality and Transport sector and that of Public Administration, Education, Health and Social Services, where growth accelerated this year.

GDP variation rates of the Basque Country (%)
