

SURVEY ON TOURIST ESTABLISHMENTS. Except hotels. March 2025

Overnight stays in rural accommodation in the Basque Country fell by 36.8% in March 2025, and in tourist apartments they were down 0.5%, due to the calendar effect of Holy Week

The decrease in the number of overnight stays in tourist hostels stood at 10.7% in respect of March of the previous year

The number of overnight stays in **rural accommodation** in the Basque Country fell by 36.8% in **March 2025** compared to the same month of the previous year, according to Eustat data. The number of visitors stood at 8,927, representing a drop of 26.8% in year-on-year terms, and led to 19,851 overnight stays. It must be taken into account that in 2024 Easter was in March, the month with which March of this year is compared, while in 2025 it was in April.

85.6% of visitors registered at rural accommodation in the Basque Country in March 2025 were from within Spain, which was a decrease of 27.1% in relation to the same month of the previous year. In the case of overnight stays, which fell by 36.8% in year-on-year terms, these accounted for 85.1% of those registered in March.

The year-on-year decrease in visitor numbers reached 45.1% in Álava. In Bizkaia there was a fall of 48.7%, while in Gipuzkoa the drop stood at 6.5%. Overnight stays were also down compared to March of the previous year, falling by 57.2% in the case of Bizkaia, 47.7% in Álava and 21.4% in Gipuzkoa.

The average length of stay in this type of establishment in the Basque Country was 2.22 days in March, a figure lower than the average length of stay of 2.58 days observed in the same month of 2024. The average length of stay refers to the number of days that, on average, travellers remain in each of the establishments where they stay overnight, and not the total length of their stay in the Basque Country.

The bed occupancy rate showed a year-on-year decrease of 8.1 percentage points, standing at 17.0%. The room occupancy rate, following a year-on-year drop of 8.5 percentage points, stood at 20.8%.

As regards **tourist apartments**, in March 2025 they welcomed a total of 15,277 visitors, resulting in 53,895 overnight stays. Compared to the previous March, the decreases were 2.8% in the case of visitor numbers and 0.5% in that of overnight stays.

Each of the accommodation units offered under a business operating unit, managed under the block or combined mode, is referred to as a tourist apartment. Private dwellings offered, marketed or temporarily relinquished for reasons of tourism are not included under the heading of dwellings for tourism use.
