Source: Eustat. Death statistics

The main causes of death were tumours and diseases of the circulatory system, which caused the deaths of 1,512 and 1,446 individuals respectively, which means that together they accounted for 53.6% of deaths. The third cause of death was diseases of the respiratory system, with 395 cases (7.2%). Diseases of the nervous system and the digestive system accounted for 6% and 5.2% of deaths, respectively.

The order of importance of the causes of death varied according to sex. Among men, tumours caused more deaths than diseases of the circulatory system, whilst among women the main cause of death was diseases of the circulatory system, followed by tumours in second place.

BALANCE FOR 2024

The provisional data totals for 2024 recorded 22,368 deaths, of which 11,398 were women and 10,970 were men. The number of deaths increased by 0.3% compared to 2023. By province, the number of deaths rose 3.6% in Álava and 1.2% in Bizkaia; in Gipuzkoa this decreased by 2.5%. It is important to highlight that there was a 3.7% increase in deaths compared to 2019.

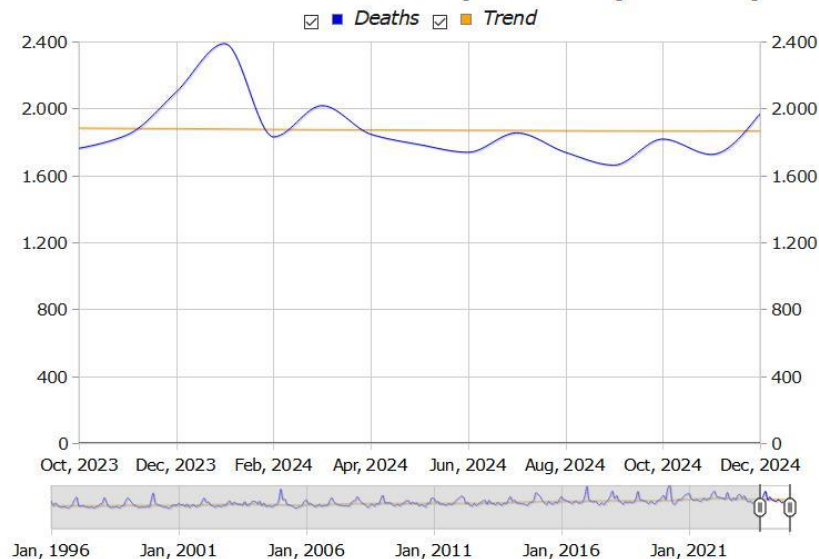

Amongst the deaths that occurred last year, 26 corresponded to children under one year of age. This was lower than in 2023, when 35 children under one year of age died. On the other hand, 426 people died at the age of 100 or over, 14 less than in 2023.

With provisional data from 2024, population growth in the Basque Country was negative with deaths exceeding births by 9,464 individuals. For this reason, by province the population decreased by 5,641 inhabitants in Bizkaia, 2,898 in Gipuzkoa and 925 in Álava.

In 2024, there were a total of 246 deaths due to COVID-19 (all following specific tests), compared to 358 in the previous year, 1,721 in 2022, 1,682 in 2021 and 3,096 in 2020.

It should be pointed out that COVID-19 was present in a further 36 individuals who died in these same months, but it was not the main cause of death according to the death certificates and applying the World Health Organisation criteria for coding causes of death.
