In 78.9% of births the mothers were aged 30 or over

The largest group was women between 30 and 34 years old, who accounted for 34.3% of total births. This was followed by mothers aged between 35 and 39 with 33.4%. The group of 40 years and older represented 11.2%, 0.1 percentage points lower than the previous year. 13.8% of babies were born to mothers aged between 25 and 29, and 6.2% to mothers aged between 20 and 24. Finally, teenage mothers accounted for 1.1% of the total, one tenth lower than 2023.

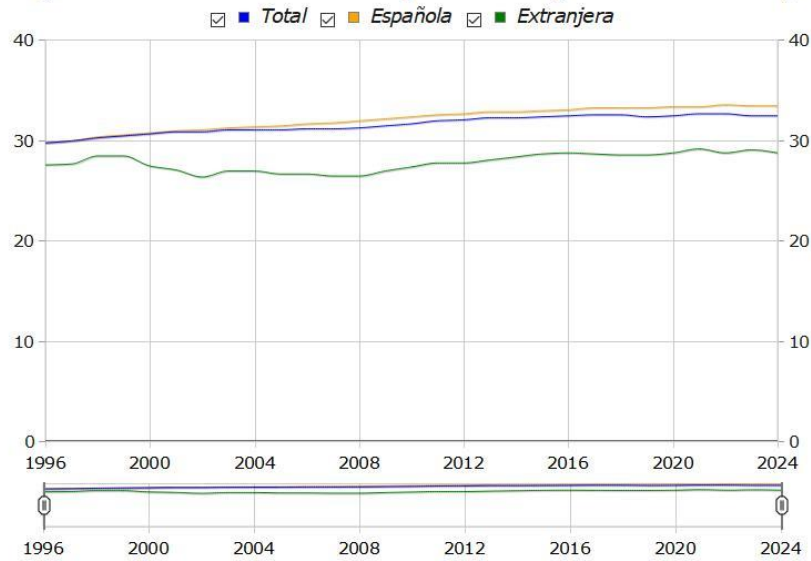

The average age of all mothers was 33.4 years old, the same as the previous year, but this value rose to 34.3 for mothers of Spanish nationality, and stood at 30.8 for mothers of foreign nationality. The average age for first-time mothers (those who had their first child in 2024) was 32.4 years old, 33.4 for mothers of Spanish nationality and 28.7 for mothers of foreign nationality.

Mothers of foreign nationality have children at a younger age than mothers of Spanish nationality

Regarding nationality, 26.6% of mothers were foreign nationals, who gave birth to 3,443 boys and girls. In 2023 the percentage of mothers of foreign nationality was 25.2%. The main countries of origin of these mothers were: Morocco, with 620 mothers, Colombia (437), Nicaragua (208), Paraguay (201), Pakistan (196), Romania (192), Algeria (155), Honduras (137), Venezuela (117) and Peru (108). From the total number of mothers with foreign nationality, 43.8% were nationals of a country in America, 32.5% in Africa, and 12.6% in Europe.

Women of foreign nationality residing in the Basque Country had children at a younger age than those of Spanish nationality: in 41.5% of cases they had children under 30, compared to 13.7% of mothers of Spanish nationality.
